Dear Madam President,

On behalf of 700 thousand members of Independent Self-Governing Trade Union "Solidarność" I would like to express our support for just demands of Lithuanian workers represented by the Lithuanian Trade Union "Solidarumas" and the Lithuanian Education Employees' Trade Union, and support their struggle for better salaries of public sector employees working in schools, social services and medical institutions of Lithuania.

Demanding introduction of changes in education sector, respect for social dialogue and the right to strike are legitimate and we fully support them.

Respectfully,

Piotr Duda  
President
